Every morning,

or just go by

As long as you
want, there is
a hill to go
and to push by

I've just
turned 15.

Neg... It's
dangerous!

OHAYO,

The spring when I was fifteen

カルピン on JAPAN,

Last of the readers have asked about a person.
Who is that legendary person?
This is the person

Not
real
is it not

...Can be
categorized as
an underground
character...

About this person, I already give his name.
Since I've decided to introduce him in the article
which is about his first masterpiece,
so I can't tell more details about him.
Forgot to say, he is a model from The Fantastic Design
Toku-san... A drummer.

This person stills appear as a side characters, a lover.
I think he is a Gany person.
For me, I really like to draw him.
He is my most favourite character.

Sometimes he is in
the baseball club.
Sometimes he is in
the boys class

Like to eat
hot food.

His ambition
to be a
"Real master".

.....
So I've made
a decision.

I won't cry
again!

Ohh

I've talked
to her for
the first
time...

ouch!
ouch!

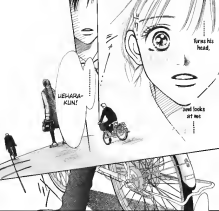

FIRST
TIME
!

she
was crying a
little

Have been called
"crybaby" before
a long
time ago

But it seems
Shizuka-kun
hates this
kind of girl!

only
that

Just

Just
only
that.

Want
to talk
with
him.

to
be
with
him

I
really
want

...
Just a dream
...

I
WHY ME?

He doesn't
want anybody
know about
this
...

Is that a
good thing

YES

THAT'S
RIGHT?

Don't tell
anyone
about this!

BICYCLE!

FOR
YOU RIDE
BICYCLE,
RIGHT?

EVERY
MORNING...
YOU RIDE UP THE
HILL BY YOUR
BIKE, RIGHT?

...

THE

BICYCLE!

[I FEEL LIKE TO
CRY AGAIN...]

I
have cried until my eyes became swollen.

My love for the first time...

..... It happened with tears from the beginning till it ended.

For I didn't even chase him...

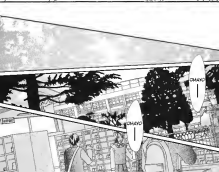

Only could just see him walked away until he lost from my sight.

That day...

we used to be so close.

Uchira's back.

The spring when I was fifteen

「十五の春」

◆ Afterward ◆

About this story, I've thought quite sometimes of making a story like this.
A pure love story about high school students.

When we are discussing on the characters, I can feel that
the longer will turn out to be a crybaby.

Although I'm the one who made the characters!

While I was drawing, I was thinking

"Oh my... She's crying again... Ahh..."

When I was drawing the manga, editor Fushimi helped me to get some pictures.
He said, "It'll be nice if the background has a hill and Sakura trees."

He also said, "My old school has that kind of view."

So, he helped me taking the pictures when he went on a vacation there.

From his floor, I could draw the hill that he has suggested.

And the school was based from his old school.

Additional Story about the Editors

Thanks a lot, Fushimi

If it's not for the pictures,
I can't make out the view
that we've decided on

It's great!

作者コメント

♥「この単行本に入っている『十五の春』、きみはきみ ぼくはぼく」「日が暮れても歩いてる」は、なんとなく自分の中だけで、青春三部作！、などと思つてそのつもりで描きました。ちよつと順番は変わっちゃいましたが、1冊の本にまとめることができて嬉しく思っています。気に入ってもらえたらもっと嬉しいなあ」と語つてくれた椎名先生。
